About YAMADA

Yamada Manufacturing Co., Ltd.

Since its establishment in 1946 at Japan, YAMADA has continued to untiringly take up challenges in pursuit of world-class products while working with functional parts including mainly oil pumps, water pumps, and various other pumps for cars and motorcycles, steering-related parts, and transmission-related parts. YAMADA water pumps and oil pump are supplying to automotive manufactures across the world. Entering to the aftermarket sector in the year of 2022, we deliver our own designed and manufactured products with the highest quality to our customers.

The Eagle Mark, a Guarantee of Technology and Reliability

An eagle maintains a piercing gaze as it soars to the farthest reaches of the sky. Yamada has long used this symbol rich in grandeur to present the stance we ourselves present to the world. The Eagle Mark now appears on all Yamada products as a guarantee of technology and reliability.

<IMPORTANT NOTICE>

Any information described in this brochure is the information coming from the research done by ourselves. However, if there is an error happened to be found in any case, we are not fully accountable this negligence. Please use name(s) of manufacture and part number(s) for genuine products at a placement of purchase order as your reference only.
